

LEADING DEVICE ENGINEERING FACILITY IN-HOUSE PROJECT MANAGEMENT

THE CHALLENGE

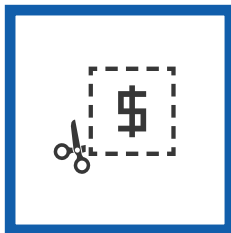

EquipNet's in-house Project Manager at this facility identified an opportunity for a large cleanout of surplus medical device equipment. We provided a number of solutions for the client that resulted in full clearance of the facility.

LEADING GLOBAL HEALTHCARE PROVIDER TWO-PHASE ASSET DISPOSITION PROJECT

THE CHALLENGE

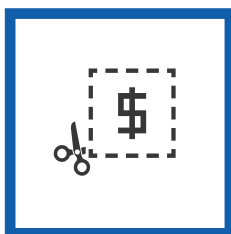

Assistance was requested for a two-phase asset disposition project at a facility in Mississippi. EquipNet provided an onsite inventory for both phases of the project and was able to provide the necessary clearance for the client.
